Dear Sir:

This letter is to express my interest in your Company for Software Developer. Student of 5<sup>th</sup> semester Computer Science Department, Comsats University Islamabad, wah cant, and hands-on experience using Python, JavaScript, Solidity, c++, and java language to create and implement software applications, I am confident I will be an asset to your organization.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- Intermediate skilled in designing, and developing software
- Thorough understanding of data structures and algorithms
- Knowledgeable of back-end development good practices
- Hands-on software troubleshooting experience
- Proven track record of proper documentation for future maintenance and upgrades

I've attached a copy of my resume that details my projects and experience in software development. I can be reached anytime via my cell phone, +92(0)3060205253 or via email at [hmudasir714@email.com](mailto:hmudasir714@email.com).

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Sincerely,

Mudasir Hussain

Mudasir Hussain
